SKILLS

- **Frontend:** React.js, Tailwind CSS, Bootstrap, HTML5, CSS3
- **Backend & APIs:** Django, Django REST Framework (DRF), REST API Design
- **Databases:** MySQL, PostgreSQL, SQL fundamentals
- **Programming Languages:** C, C++, Python, JavaScript (ES6+)
- **Tools & Workflow:** Git, GitHub, Vite, Postman, Linux Command Line

COURSES & CERTIFICATIONS

- **AI/ML Course** — Currently enrolled (4 months in progress, 2026)

COMPETITIVE PROGRAMMING

- **ICPC:** Participated in ICPC 2024 Dhaka Regionals
- **Online Platforms:** Actively participate in competitive programming on [LeetCode](#) and [Codeforces](#)

PROJECTS

- [Narayanpur High School Website](#) – React, Tailwind CSS
 - Led and delivered full frontend for a 500-student school portal under tight deadlines: registration, login, student list, routine, notice board, gallery, homepage, and dynamic forms.
 - Architected modular React components + Tailwind system for maintainable, fully responsive layouts.
 - Integrated with backend REST APIs for authentication, CRUD operations, routing, and state management.
 - Produced production-ready, cross-device consistent UI for a 40-year-old institution's online presence.
- [Blood Bank Management System](#) (ongoing) – Django, DRF, React, Tailwind CSS
 - Developed end-to-end functionality including CRUD operations, search, and dynamic interactions.
 - Implemented **Google OAuth authentication** for secure and seamless user login.
 - Implemented JWT verification.
 - [Frontend Repo](#) | [Backend Repo](#)
- [TAVDEV](#) – Front-end for agency site
 - Built a full frontend with React.js + Tailwind CSS; modular, responsive, utility-first design.
 - Deployed live site showcasing company identity, services, and portfolio; structured for maintainability and cross-device performance.

EDUCATION

B.Sc. in Computer Science and Engineering

2023–2027

CCN University of Science & Technology

CGPA: 3.16 / 4.00 (6th Semester) | 2026

LANGUAGE

- **Bangla:** Native
- **English:** Professional working proficiency
